CLASSIFICATION (Module B - machine generated, requires officer confirmation)

Sub-category	Cyber Bullying / Stalking / Sexting
Confidence	70.9% [MEDIUM]
Source	Module B - machine generated
Guidance	Review the narrative before accepting the classification.

STANDARDISED NARRATIVE

On 15 October 2026, the complainant began receiving repeated threatening messages from an unknown social media account. The sender has used different accounts after being blocked, and has attached screenshots of the complainant's personal information along with threatening statements. The complainant has preserved the messages, usernames, and screenshots as evidence. The complainant is concerned about personal safety and requests that authorities identify the person responsible and take appropriate action.

EXTRACTED ENTITIES

NOT AVAILABLE - Module C did not run

APPLICABLE LEGAL PROVISIONS

IT Act 66E	Violation of privacy
IT Act 67	Publishing or transmitting obscene material in electronic form
IT Act 67A	Publishing or transmitting sexually explicit material
BNS 78	Stalking (IPC 354D)
BNS 351	Criminal intimidation (IPC 503/506)

Investigator note: Where money was demanded against threatened release of material, BNS 308 (extortion) is also attracted.

EVIDENCE

No attachments submitted

SUGGESTED FIRST ACTIONS

1. Issue a takedown request to the platform for the offending content or profile
2. Preserve the profile link, post URLs and screenshots before removal
3. Obtain subscriber details of the account from the platform

This case file was assembled automatically from a citizen complaint. The classification and the legal provisions proposed are decision-support for the investigating officer and require confirmation before any action is taken on them.
